

PLAY DOUGH CARE INSTRUCTIONS

The playdough in your pack will last approximately 6 months if stored in your air tight tin.

Please put your dough back in the tin after playing and secure the lid - you may wish to wash your hands straight after to avoid play dough causing stains or mess.

The playdough may form a salt crust on opening which is completely normal. Kneading your dough will make it disappear.

The ingredients should not be consumed.

Some colour may transfer to clothes or furniture so take care!
