

THE FLUSH IT GAME!

LET'S MAKE
THE GAME!

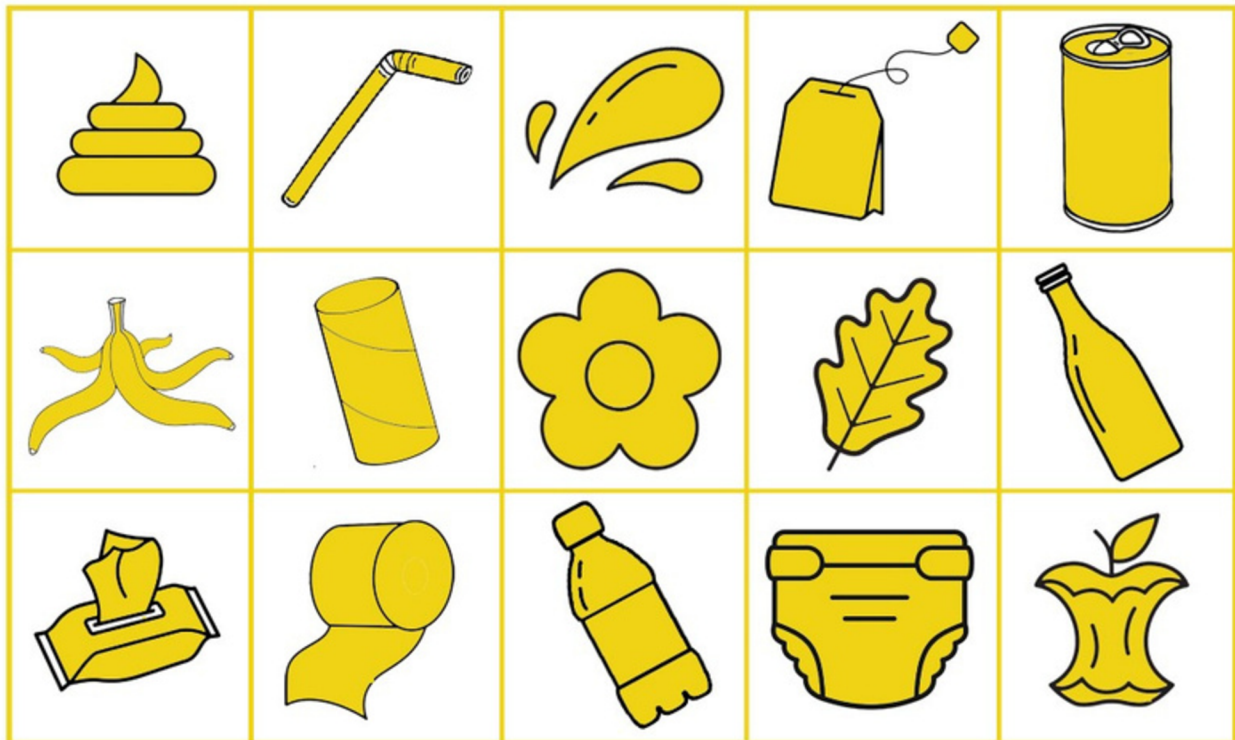

To play the game your child will need to know that there are only 3 things that you should put down the toilet. We call them the 3Ps. These are Pee, Poo, and toilet Paper. Good luck!

HOW TO MAKE AND PLAY!

Cut out the icons below and store them all inside a tub or pot. Cut out the Water Heroes circle above and stick this to your tub lid. Ask a friend to take an icon from your tub and tell you if they would flush it or bin it! If they answer correctly give them a prize! If they answer incorrectly they must carry out the task on the back of the icon chosen!

This game was designed and created by The Wild Tribe. For more info on our earth friendly adventures head to our website!
