

# JUST BIN IT!

To win it!

# THE GAME RULES

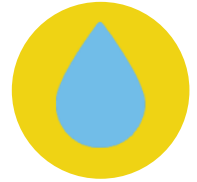

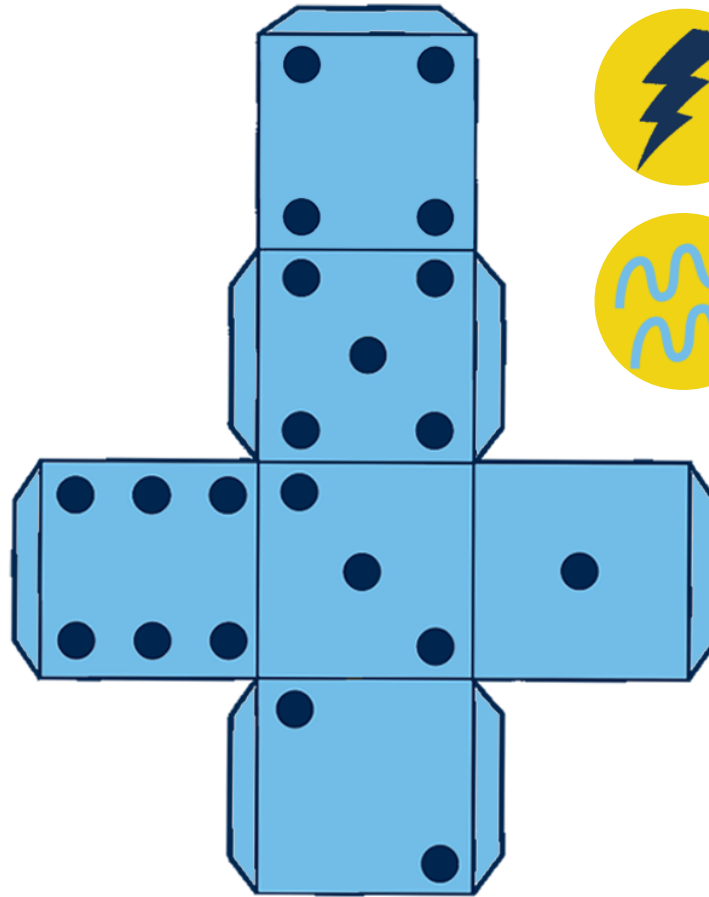

Cut out the 4 counters, 16 cards and dice. Glue the dice together and place your counters at the start ready to play. Make sure to read the rules of play before you begin!

## BEFORE YOU BEGIN...

To play the game your child will need to know that there are only 3 things that you should put down the toilet. We call them the 3Ps. These are Pee, Poo, and Paper. Good luck!

1. Choose your counter and place it on the circle labelled 'start'.
2. Choose who is going to start and that player rolls the dice first.
3. Move forward four spaces if you roll a four and so on.
4. After you roll and move, pick up a card and read the instructions. You may need to move forward or backwards dependent on the card you choose.
5. If you land on one of the blockage monsters you need to return to the start!
6. The first player to reach the finish is the winner!
